MEMORANDUM OF CONVERSATION: [REDACTED] 1425 hrs, 25 Nov 1969 25X1A

25X1A

Called [REDACTED] to inform him that I had gone over the Sinai map; had noted several items which should be changed; and had prepared a memorandum dealing with those items which I was ready to hand-carry to him. [REDACTED] stated that it was too late to make any changes since the map had already gone to press. He said that changes had been made in the legend and the notes on the Israeli cease-fire line but that since I had not called earlier, he assumed that we were satisfied with the map as it was. I asked if the map had gone to press with the errors in placement of the proposed tourist centers which had been called to his attention yesterday. He answered in the affirmative and added that since he had not heard from us he assumed that we had no objection. He further added that if any changes were required they would have to be arranged through [REDACTED].

It is inconceivable to me that there could have been any misunderstanding on [REDACTED] part as to my position in this matter.
